Anticipation Guide

Agree or Disagree with the following questions:

1. *The Titanic* was a ship that sank in the early 1910's.
2. *The Titanic* sunk because it ran into an iceberg.
3. The crew of the *Titanic* had no way of knowing that icebergs were in danger of sinking the ship.
4. Jack and Rose were two of the people aboard the ship when it sunk.
5. The crew of the *Titanic* thought that the ship survived the iceberg collision.
6. One of the reasons so many people died was that many lifeboats were being sent out only half full.
7. At the time of the sinking, no other boats were in the area to help.
8. As the ship sunk, the band played music.
9. The captain knew the boat would sink, so he "went down" with his ship.
10. The disaster could have been avoided if the *Titanic* was traveling at a slower speed.
