AICE General Paper / Quarter ____

Directions: Fill in the date your assignment was recorded along with its name and the grade you received. Convert your letter grade into a numerical GPA-scale: *A = 4.0, B = 3.0, C = 2.0, NY = 0.0*. Add together your GPA-scale scores and keep it in the "running total" category. To estimate your class grade, divide the running total by the total number of assignments thus far. The number you receive is in GPA-scale form. Simply convert back into a letter grade to receive your score: *A = 3.5-4.0, B = 3.0-3.4, C = 2.0-2.9, D = 1-1.9, F < 1*. Remember, it is required to make up NY grades. For help, see this example below:
